# KIDZ™

## VERSATILE SAFETY FLOORING

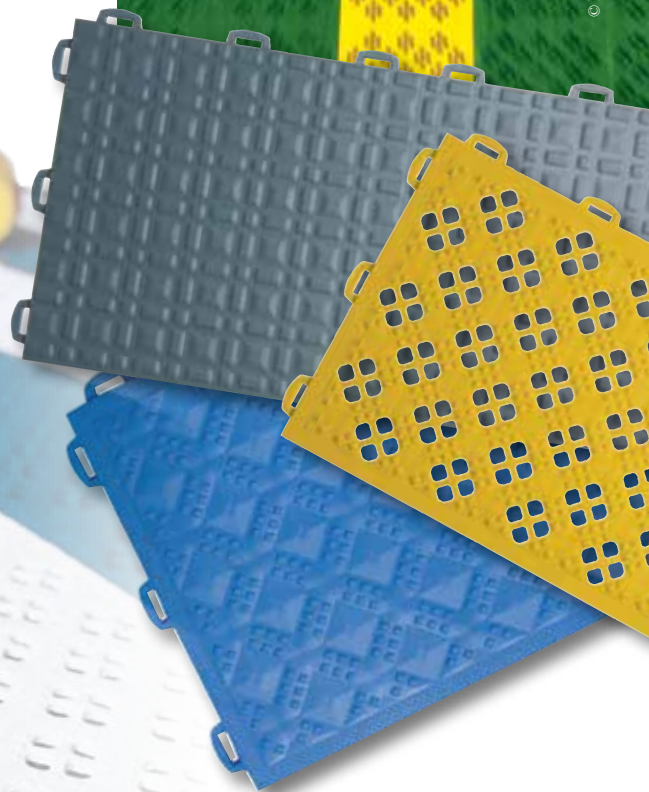

Play Matta™ Kidz™ tiles provide versatile safety flooring with lightweight tiles, half the size and thickness of other Play Matta™ tiles. They can be easily installed in layouts to suit most lower impact play areas. Play Matta™ Kidz™ Systems are easily altered to change the safety surface shape or colour pattern to provide play environment variety. Interlocked tiles, if not permanently secured, can also be rolled up for cleaning, moving or storage. The low profile of the Play Matta™ Kidz™ tile plus compatible safety ramp edging – available in black or high-visibility yellow – makes it easy to enter and exit the tile area. Play Matta™ Kidz™ tiles are available in three surface options, including both open and closed surface options suitable for wet and dry playing conditions.

## BENEFITS OF PLAY MATTA™ KIDZ™

- Compliant indoor safety flooring
- Environmentally responsible choice
- Durable & safe recycled materials
- Open & closed surfaces, wet or dry conditions
- Permanent or portable modular system
- Hygienic & easy to clean
- ISO certified quality assurance
- Matta 3-Year Product Warranty

# THE PLAY MATTA™ KIDZ™ FAMILY

## 1 Play Matta™ Kidz™ Smooth Top

Perfect for safety flooring in environments such as childcare facilities, where hygiene is a priority and children's hands may be in direct contact with the floor.

## 2 Play Matta™ Kidz™ Diamond Shield

Tread option for areas where maximum traction may be required.

## 3 Play Matta™ Kidz™ Open

Free-draining and anti-slip, open tiles are ideal for wet areas such as around pools and in changing facilities, and can be used together with the Smooth Top and Diamond Shield tiles.

## PLAY MATTA™ KIDZ™ SYSTEM INSTALLATION

The existing flooring surface (such as concrete, wood or carpet) can be covered directly with the selected Play Matta™ Kidz™ tiles. The installation can remain portable or be secured in place with safety ramp edging if required. Layout of colours and floor area can be changed around and, if not secured, can be rolled up for cleaning or storage.

## RECYCLING TECHNOLOGY

Play Matta™ Kidz™ is the result of our commitment to providing environmentally sound products for today's play spaces. We understand the importance of long-term resource sustainability and are determined to promote and expand our significant recycling effort. The rubber and PVC feedstock for our products is 100% recycled – and our products can be recycled in their turn. Play Matta™ Kidz™ carries the Environmental Choice New Zealand ecolabel, having met the stringent certification requirements recognised by the Global Ecolabelling Network.

We bring new life to recyclable materials as a range of sustainable, high quality safety surfacing products that we are proud to put our name to.
